## Ex-Premier of Alberta Goes Down to Defeat

Howard H. Crawford, Young and Untried Recruit, Wins by Majority of Over 200—Defeat of Former Representative is Due Largely to the New Comers Into the City

Ex-premier A. C. Rutherford was defeated in the constituency of South Edmonton and in his home town which he had seen grow from the village of South Edmonton through the city of Strathcona to become a portion of greater Edmonton. He had a shortage of 253 votes. The rural part of the constituency will give him this majority. The rural polls were still counted from last night, but he cannot change the result.

Both sides worked hard. Mr. Crawford had behind him the benefit of a well organized association, which for some time had fostered the value of the vote of the newcomers of the growing South Side of the city.

Dr. Rutherford was hopeful all the polls closed. While he received the support of some Conservatives in the city, many

DR. A. C. RUTHERFORD—Ex-premier of Alberta, who went down to defeat before Howard H. Crawford.

strong Liberals were known as a result of his letter to the Conservative association and his reputation as Premier of Alberta.

The election problem here was complex. Electors of both parties were in a state of confusion. Some voted for Mr. Crawford because they approved his reputation in St. Louis, where he had been elected against Dr. Rutherford because he did not support Mr. Nitson. Friends and foes of the Nitson government sided in the election of a special opponent of the Nitson administration.

Large Vote Pooled.  
A fairly large vote was pooled, larger than on previous elections, but among many Liberals there was an indifference as to whether they voted at all.

When the returns began to arrive they were tallied in the window of the South Side Bulletin office, at the Conservative club rooms, and at the Plunkett office. Crowds soon gathered.

Increase in City Votes.  
The voters list for the city polls showed an increase of about 100 over the last election here. Possibly 1000 of these voted. It is to this new vote

## CONDITION OF HIS HOLINESS SATISFACTORY

His Physicians Declare They Are  
Now Confident of His  
Recovery

HE INSISTS ON  
RISING FROM BED

Refuses to Allow His Valet to  
Assist Him in  
Dressing

Home, April 17.—The Pope is so much better, according to today's reports from the Vatican, that if present conditions continue the health to improve about his health will be the last published by the physicians.

The doctors declare that they are confident of the Pontiff's recovery. The Pope himself says he is better. When Dr. Amiel visited him at noon today and asked him how he felt the Pontiff replied:

"This is the first day since my first relapse that I feel really relieved."

In Urged To Rest.  
Professor Marchisiani and Dr. Amiel today again impressed on the Pope the necessity of complete rest, informing him that any activity would create the absence of recovery.

Shortly after, however, the sun broke through the clouds and flooded the Pope's bed chamber. The Pontiff, nevertheless, declared that he could endure his bed no longer. His restlessness increased and he insisted on rising.

His attendants felt obliged to give way to his wishes. His valet proceeded to help him rise, but the Pope refused his assistance, saying that he could help himself.

Dr. Amiel again visited the pope this morning, and found very little alteration in his condition. The temperature of the pope was slightly increased, but as a whole the condition of the pontiff was stationary.

ONLY THREE CLUBS  
IN V.A.C. THIS YEAR

By Bulletin Leased Wire.  
Vancouver, April 16.—There will only be three clubs in the Pacific Amateur Golf Association this summer, the Fairways of Vancouver having practically withdrawn.

It is reported that the team will leave the V.A.C. champion team of this city, the New Westminster senior Amateurs and the West Victoria twelve to battle for the coast amateur championship and Mann Cup.

The annual meeting of the Pacific Coast A.A. will be held here tomorrow night at New Westminster. Besides electing officers and drafting the season's schedule, the association will meet with the question of affiliation with the recently organized Canadian Amateur Golf Association.

The coast clubs take a favorable view of the new governing body's policy, but want to reserve the constitution before taking definite action.

If it is decided to return the Mann Cup this season the V.A.C. team will probably leave for the mainland. Next season it is altogether likely that the premier champions will join the pro.

Kavach, Committed for Trial on  
Evidence of Rats' Story.  
Date of the Crime.

Prince Albert, April 16.—Some weeks ago, following the discovery of the dead body of Charlie Bragance, an Italian, on the trail outside the east end of the city, another foreigner, Louis Kato, related to the authorities a story that he had witnessed the killing of Bragance by a conspirator, Emory Kavach.

Kavach was committed for trial today, however, he turned around and telling practically the same story of the crime as Kato had told, accusing Kato of the murder of Bragance.

London, April 14.—A pretty 12-year-old girl having called out of absence the ancient history of Farnham, the daughter of the Hon. Mary Frances Petre, daughter of Lady Audrey Petre. The young girl, created in 1345, has been dormant since 1377.

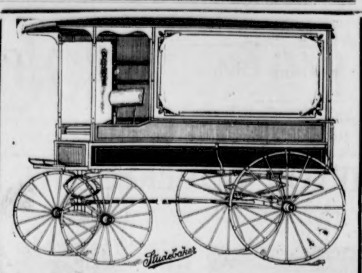

BANK OF ENGLAND  
HARVEY BROWN  
RATE OF 4 1/2 PER CENT

London, April 17.—The rate of discount of the Bank of England was today reduced from 5 to 4 1/2 per cent. The reduction had been generally anticipated.

It follows the reduction of the per cent rate for the longest period in a half century.

The beginning of the Balkan war in October last, when the financial stringency on the continent of Europe was acute, necessitated a 5 per cent rate, but the recent improvement in monetary conditions abroad and the amelioration in the Balkan situation, have enabled the directors to make a relaxation of one-half per cent from the abnormal rate.

This reduction is expected to be followed by a further diminution as soon as peace between Turkey and the Balkan allies has been signed.

## The Popular Music Store

(The Upstairs Store)

She loved him well, but the times he played  
On an old accordion, left her senses dismayed.  
And she heaved a sigh, it can never be,  
I love him dearly, but no such discords for me.  
The young man was wise in the ways of love,  
So he hid himself to the store above,  
Better known as THE POPULAR MUSIC STORE,  
Where music is sold at half-price and more.  
He purchased an instrument with tone so sweet  
That it swept the girl clear off her feet.  
Now, young men are woe and as happy as can be,  
So, young men, profit by the same ingenuity.

Ottawa, April 17.—The house spent all of today's sitting debating a motion of censure of Hon. Robert Rogers, former minister of the interior in the present government, moved by Hon. Frank Oliver, who presided over the debate when the Liberals won out of power. The motion related to the granting of a portion of a quarter section of land near the city of Prince Albert to Albert Davidson as a homestead. Hon. Oliver produced a telegram from Prince Albert to the effect that the land is worth \$77,400. The opposition did not, however, adopt those figures as the value of the property, but the most, last referred to it as being worth about \$100,000. They said that if the government had adopted the policy adopted by the late government the land would have been turned over to school lands or sold in public auction.

**Mr. Rogers Makes Statement.**  
Hon. Robert Rogers said that he did not know about the transaction in its details. He stated that the Oliver in 1908 had given to one Everett an adjoining quarter section as a homestead. ## CALGARY ALBERTAN BUILDING BURNS

(Continued From Page One.)

The Conservative committee rooms, a large new brick out in the rear of the Herald hardware store. For a considerable time the conflagration threatened other buildings and the tremors had a desperate fight on their hands. The oil and gasoline about took fire and made the firemen's job a very dangerous one. Fearing an explosion, the police worked hard to keep the crowds out of danger.

The building, which was partly burned a couple of months ago, will be a total loss. It has up to now been used as a warehouse. This week it was being used as a temporary storehouse. The fire was caused by a gas leak. The origin of the fire is unknown. The firemen were actively engaged in being overpowered by burning gasoline. At one o'clock the fire is still burning fiercely, but it is expected it will be under control shortly.

## POPE BETTER: STILL INSISTS ON GETTING UP

Third Relapse Feared Because he  
is Inclined to Disobey His  
Physicians

NEWS YESTERDAY WAS  
OF REASSURING NATURE

The Italian Government Displays  
Deep Concern in Pontiff's  
Illness

By Bulletin Leased Wire.  
Rome, April 17.—Medical skill and strong vitality have combined to bring about a more hopeful change in the condition of Pope Pius X. The official bulletin issued today relieved present anxiety, but there are some who are skeptical and who fear a third relapse, owing to the general weakness of the pontiff and because he is determined to alter the orders of the attending physicians.

Early today the pope declared that he felt better than at any time since the first relapse. The son pouring into the chamber impelled him to leave his bed, which he did without assistance. On such occasions it is the pope's custom to order his attendants out of the room, and they reluctantly obey him, but watch, unobtrusively, through the half open door, fearing an accident.

Cardinal Merry del Val, the papal secretary of state, visited the pope this evening and, having first obtained permission from the doctors, submitted for his signature several decrees of the Roman Curia. The pope's handwriting was firm and clear and showed no change from his writing before his illness.

The deep concern of the Italian government in the illness of the pope was manifested today when a request was made to those in charge of the case for a statement regarding the prognosis. This was met with the declaration that it was practically impossible to say whether the pontiff would recover, but if he did, his condition after might be considered precarious.

Dr. Amiel visited the patient twice during the night and administered remedies for the cough, and for restlessness, after which the pontiff went tranquilly to sleep.

In spite of the official reports, there are reports emanating from other sources that the pope is suffering from arterio sclerosis and a variety of other diseases, but the doctors emphatically deny this.

## Belgian Suffrage Strike Stationary

Conditions are Unchanged, Al-  
though Government Refuses  
to Alter its Attitude

Brussels, April 17.—The electoral strike for universal suffrage is now stationary. In some places work has been resumed, but this is about all. The strikers' forces are still in an orderly manner. There are evidences that the Socialists are exerting their influence to obtain the admission of the municipal workers and the civic authorities in Brussels have asked that military engineers be placed in the gas and electric plants as a precautionary measure.

There was a lively session of the chamber of deputies today. The aged, clerical leader, Herr Wogen, and a great speaker on the part of Socialists and Liberals, opposed any concessions by the majority, duly elected by the country before the action of the majority. The premier followed by adding nothing to his previous declarations, which seemed to indicate that the strike has accomplished nothing towards the most important of the government's position.

Two sticks of dynamite with detonators attached were found on the road today near Brussels.

## PHIL KNIGHT KNOCKED AD WOLGAST DOWN

By Bulletin Leased Wire.

San Francisco, Cal., April 17.—Phil Knight, Kansas City lightweight, who is here to fight Tommy McFarland, a local boxer, knocked Ad. Wolgast down yesterday afternoon with a hard left to the jaw in the second round of their three-round sparring bout in the former champion's training quarters. An hour later, Wolgast, who had been a 10 to 1 favorite over "Harlem" Knight, was again downed by him. Knight's victory was a surprise to many of the spectators, who had expected a close fight.

## Mrs. Pankhurst Faces an Action for Damages

West End London Trading Firms  
Suing Suffragette Leader and  
the Lawrences for  
Damages

London, April 17.—The sentence on Mrs. Pankhurst is not it has been officially decided, to be a bar to the hearing of the charge of conspiracy which West End trading firms are bringing in the higher courts. An important move has been made in connection with the charge of conspiracy which followed the window-smashing in the west end.

Originally only two firms were cited as plaintiffs against Mr. and Mrs. Pankhurst and the Lawrences, formerly treasurer of the Women's Social and Political Union, and Mrs. Pankhurst, one in each separate action. The west end commercial community has now decided to combine in an endeavor to bring home the responsibility.

No fewer than 93 trading concerns, representing practically all the victims of the window-smashing episode, have

been added as plaintiffs in the charges. This step was taken because of the refusal of the home office to protect the tradesmen's interests.

The firms' claim in their action against Mrs. Pankhurst damages of nearly \$15,000 and an amount almost as much is claimed from the Lawrences.

Notwithstanding the recent developments in regard to Mrs. Pankhurst, the cases are to keep their place in the court list and may now be heard at any time. Each individual window-smashing incident will be gone into in detail, and the hearing therefore, will take considerable time.

If the authorities do not allow Mrs. Pankhurst's appearance in court, should she be in prison when her case comes up, it will be heard in her absence.

## GREAT STRIKE IS GROWING IN SIZE HOURLY

Belgian Workers' Political Strike Has Reached Huge Proportions

MEN SETTLING DOWN TO LONG SIEGE OF IT

Strike Leaders Providing Amusement for Men—No Reports of Violence

Brussels, Belgium, April 17.—The Belgian workers' strike continues to extend slowly in every part of the country. Small numbers of men have returned to their work here and there, but these conditions are unimportant as compared with the figures of the fresh recruits who joined the movement. The men as a result appear to be settling down to a long test of endurance, and are determined to achieve victory in the cause for which they are fighting, that of equality in voting.

**To Amuse Strikers.**  
The Socialist organization has opened halls in convenient locations for the provision of free meals to needy workers. The strike managers are organizing concerts, moving picture shows and music-hall lectures to amuse and instruct the strikers and to keep them out of mischief.

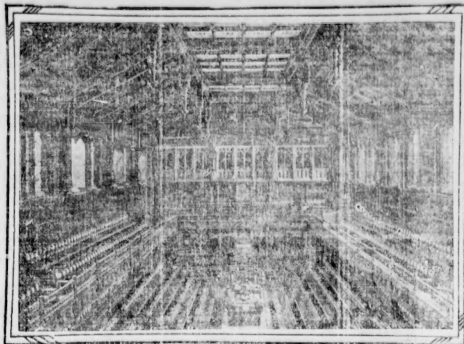

A few arrests of strikers have been made. The photo-engravers of Brussels have voted to join the strike tomorrow.

**Strikers on March.**

Liege, Belgium, April 17.—Strong columns of strikers without music or flags of any kind today marched along the country roads uniting the towns and villages in this part of Belgium, as a demonstration. The display, slight columns of men now and then met detachments of cavalry in uniform, but no collisions took place.

**Only 24 Working.**  
Paris, Belgium, April 17.—This is the most idle city of Belgium today. Only 24 men out of a total of 2,100 are working.

**Will Lose Big Business.**  
Seraing, Belgium, April 17.—The officials of the Cockerill works announced here today that unless the strike ends today they must refuse orders for steel from Japan, amounting to several million francs. They are unable now to send from the

works orders from abroad that already have been finished.

**Many Accessions to Strikers.**

Namur, Belgium, April 17.—There were many accessions to the general strike today in the southern towns of the province of Namur.

**Small Industries Closed.**

Charleroi, Belgium, April 17.—The workmen, employed in a variety of small industries here joined the general strike today.

**STORMY SCENE AT INQUIRY.**

London, April 17.—A feature of yesterday's Marconi inquiry was the angry discussion between members of the committee when Geoffrey Isaacs appeared to it not to press him to reveal the price paid for the assets of the United Wireless company of America. Half a dozen members were talking at once, and eventually the room was cleared while the committee deliberated privately and decided that the question should be put.

Mr. Isaacs thereupon said that the assets of the United Wireless company had been bought by the British Marconi company for \$1,400,000 in shares; this latter sum, however, including various other "considerations."

"You appealed from Philip sober to Philip drunk," said the questioner. "That is not very complimentary to England," Mr. Isaacs observed. He said that the American public did subscribe for Marconi stock.

## AMERICAN JOCKEY WON FOUR OUT OF SIX RACES

Danny Maher Performed Remarkable Post at Newmarket—Rode Lord Rosbery's Colt Saughar to Victory in the Craven Stakes.

London, April 17.—The Craven stakes, for three year olds, 500 pounds, run today at Newmarket over the Rowley mile, was won by Lord Rosbery's bay colt Saughar, by Santry-Valve, which started at 5 to 1. L. Montague's, the Pic, 5 to 1, was second, and H. P. Whitney's Miramichi, 5 to 1, third. The Derby favorite, Cravenmont, was not among the starters.

Danny Maher, despite his increasing weight, performed a remarkable trick at the Newmarket race course today by winning four out of six races. Three of the races, including the principal event of the day, the Craven stakes, in which Maher rode Lord Rosbery's Saughar to victory, were won in succession.

Aside capturing the Craven stakes Maher won the three-year-old handicap plate with Brand, took a selling race with Highland Toward, also led the field to the tape with Wreck in the Biennial stakes. The American jockey received an ovation on returning to the stable.

## THREE TRAIN LOADS OF ONTARIO FARMERS

Windsor, April 17.—Three train loads of Ontario farmers arrived at the Canadian Pacific railway depot this morning, bound for new homes in Manitoba and western Canada. In all, men, women and children, the Ontario colonists, with those that followed on the regular train, numbered nearly one thousand, and so to points in Manitoba, Saskatchewan and Alberta. This is the largest immigrant train of English-speaking people that has come into Windsor this year.

## Founders Continue Strike.

Toronto, April 17.—About 600 teamsters from the C. N. R., O. T. P., and C. P. R. held an open air meeting this morning and resolved to continue the strike. Committees of the men will call on all large cartage companies and try to induce the men to strike in sympathy. A general strike will then be declared.

## Journalists Not Coming.

London, April 17.—The Institute of Journalists has abandoned its proposed meeting in Canada this year, so much time having been lost in arranging the details that it is now felt impossible to proceed further.

## HE FAILED TO START FLIGHT ACROSS OCEAN

Gas in Brucker's Dirigible Balloon Escaped From Main Valve

ENGINEER'S LIFE HAD TO BE INSURED FOR \$50,000

New Supply of Gas Is Ordered From Germany—Spectators Disgusted

La Palme, Canary Islands, April 17.—Joseph Brucker failed to start as scheduled today on his proposed trans-Atlantic flight to the West Indies in the dirigible balloon, Starbird II. Just as all preparations had been completed for the flight at daylight this morning, the gas escaped in some manner through the chief valve and the envelope suddenly became deflated. Urgent telegrams were sent to Germany for a further supply of gas. Engineer Kruger who had been engaged to navigate the dirigible, at the last moment made some demur about undertaking the hazardous voyage, and the promoters of the flight took out \$50,000 insurance in his behalf. Brucker expressed extreme annoyance over the accident. A large crowd which had waited for hours hoping to see the departure of the airship manifested much disgust at the postponement of the voyage.

## Unlabeled Go On Strike.

Antwerp, April 16.—The men employed on the coal unloading in the Central Basin went on strike today. The burgomaster says that work at the port will be at a complete standstill in a few days for lack of freight and in a few days for lack of freight and in a few days for lack of freight. The arrivals of cereals, flaxseed, and similar cargo at the railroad freight depot are rapidly growing scarcer. A band of women gathered in front of the Socialist co-operative storehouse this afternoon, protesting vigorously against work being performed there during the strike. The police dispersed the women. The strikers at Hoboken were augmented by 1,000 today.

The following Sons of England football players are expected to turn up at the old Exhibition grounds on Saturday night for friendly game with the St. George's, Exeter, St. Mary's, Walsley, Middlesbrough, Gillingham, Wrexham, and the following: Gillingham, Wrexham, Gillingham, Wrexham, Gillingham, Wrexham. Syracuse, N.Y., April 17.—A de-matich from Malone, N.Y., says: Seven persons were burned to death and fifteen others seriously injured when the De Wilson hotel here this morning. Caught in their beds, thirty or more guests were shut off from escape as the flames shot up the staircase. Several women jumped from the third floor. Firemen succeeded in saving a few by getting them out of the windows, but there was little time for rescue work.

## INDUSTRIAL WORKERS GO ON HUNGER STRIKE

Many Members of the I. W. W. in Jail in Denver Refuse to Breakfast on Bread and Water—Talk of Compromise With Old Policy.

Denver, Colo., April 17.—Sixty Industrial Workers of the World who yesterday began a "hunger strike" in the city jail here, refused to eat breakfast today. When a trusty was sent to their cells with a supply of bread and water—the militant sixty refused to touch the fare.

## WILL STRENGTHEN LAW LOIDS.

Appellate Jurisdiction Bill Certain To Become Law.

London, April 17.—Enquiries made by the Canadian Associated Press show that the appellate jurisdiction bill, introduced by the Lord Chancellor, is certain to become law. The bill is heartily welcomed in legal circles connected with the judicial committee of the privy council which perhaps is not unusual considering it means the addition of two salaried law lords each at 5,000 pounds yearly. Apart from this, however, it is felt that the bill's provisions will immensely strengthen the privy council and consequently increase the popularity of appeals from the overseas colonies.

### MARRIED MEN DEFEATED SINGLE H.B. EMPLOYEES

"Did it at the Bay" is a most recent two championships to their credit and after a third, shows they are at least awake to the fact that sport is playing a great part in the maintenance of the staff efficiency. To open the season, a match was arranged by the officials of this branch of sport between picked sides, married versus single. The game commenced at 8:45, long refereed by C. Hatfield, and at half-time the score stood at 1-0 in favor of the wedded ones.

An accident marred the first half of the game, J. Steele coming in contact with another player's head and had to be taken off the field, when it was found he had sustained a nasty cut on his head. However, the game progressed and after another 15 minutes' play the old sports tallied their second goal, which at the close of the game was the full count—Married 2, Single 0. With the players picked from the line-up a good hockey bunch of boys should be put on the field to uphold the merit of the Hudson Bay sports department, and at the end of the season should show a good standing in the League schedule.

### ALL DANGER OF DISRUPTION HAS PASSED

#### Big Four and Lacrosse Magnates Reach Satisfactory Agreement

Toronto, April 17.—The Big Four, namely the International Lacrosse Association, led a combination meeting today, commencing much of their own business, including the adoption of a schedule, and in addition had a conference with Cdn. Jones and Louis York, representing the British Columbia interests in the game. Every body seemed satisfied with the conclusion of the deliberations, and Jones and York left for home tonight, assured that the settlement of troublesome questions had been reached and all danger of disruption passed.

What was done previously will be brought up at a meeting of the Great clubs, on 16 to 18 in Vancouver, April 26, and the arrangements seem to be in line with which New Westminster can hardly find fault. An important point of agreement was that all of last year's players are to be registered as the property of the clubs with which they played, "each player of the Lacrosse code and all others, though there is nothing to prevent mutual arrangements for deals for players" and are completed today which leaves the two Mann-McGregor and McNeill—back to the Tecumseh from Vancouver and strengthens Charlie Quenneville's team in the right spot. There would have been no salary limit, but with players tied to the clubs under this provision, a hold-out cannot help elsewhere for looking in demand for a new club, the club is not prepared to give.

The question of limiting the number of players to be held by each club was not disposed of, but stands for further consideration.

Ottawa Decried Admission. The application of Ottawa for ad-

mission was supported only by the Nationals, and as a continuous vote is required, nothing came of it. The Iron Canadians will play this year on the Montreal, Jacobell grounds, at White Avenue, and the schedule which was adopted for the next season will not be made public until all the dates have been clearly arranged. In addition to any trophy that may represent the championship, the association games will be arranged between trophy of individual members for the winners each year.

At the close of the season, exhibition game will be arranged between the Iron and West. President Percy Quinn occupied the chair and the representatives in attendance were: Toronto—R. J. Fleming, J. V. McArree, Fred Hafford and Ed. Upthegrove. Terrence—Lol. Bolman, Charles Quenneville and Fred Hamill. Nationals—A. Carson and J. O'Connell. Irish Canadian—Geo. Kennedy and H. Hession. British Columbia—Cdn. Jones, Lionel York, and J. C. Hewitt.

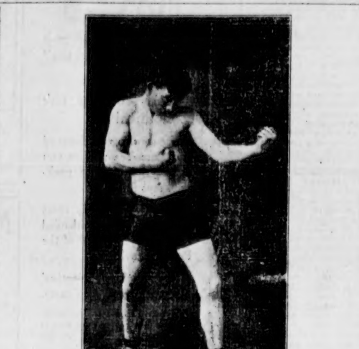

#### SOLE vs. EDMONTON WELSH.

The Stone of Edmonton Football Club are holding a friendly game with the Edmonton Welsh on Wednesday evening, April 23rd, on the Old Exhibition Grounds. Kick-off 8:30 p.m. The Stone players are requested to watch this column, as the team colors will be announced here later.
